BOERS AGAIN ACTIVE.

Botha Has Been Fighting Buller for Fifteen Days.

STILL HOLDS HIS OWN

Buller's Only Hope to Move the Boers Is by a Flank Movement—De Wet Captures a Train of Supplies and Stores.

London, Sept. 6.—As if in defiance of the annexation proclamation the Boer resistance is assuming fresh activity in various distinct quarters. General Buller's column has been fighting continuously since Aug. 21 and now finds its progress blocked by Botha among the Lydenberg mountains in a position which is described as stronger than Vaal Krantz or Laings Nek. The fighting of Sunday and Monday made no impression on Botha's force, which probably will be able to hold out against a frontal attack, but Lord Roberts hopes to turn them out by a flank movement. This will be the last stand of the Transvaal Boers who will not retreat further northward, owing to the hostility of the natives.

It is curious that General Roberts' recent dispatches contain no reference to fighting in the Orange River Colony, which has been serious. Ladybrand, with its garrison of 150 men, has been besieged by a strong force of Boers and has made a desperate and probably successful resistance. According to a Reuters telegram the siege has been raised by the Boers.

A commando is reported as appeared at Thabanchu, near the Bloemfontein waterworks, the scene of one of the most successful exploits of the burghers in the spring. A British force under Bruce Hamilton hastily left Bloemfontein on Saturday morning and there was an engagement near the waterworks on Sunday, in the central Free State.

The Boers, supposed to be under De Wet, have raided the railway in two places and captured a train of trucks carrying supplies and stores.

The Outbreak in Bohol.

Washington, Sept. 6.—The following cablegram has been received from Gen. MacArthur from Manila, under date of Sept. 5:

"Details of the outbreak in Bohol developed that Pedro Samson, commandant of police, left Tagbilaran ostensibly to inspect the police of various towns. This he did when heard from in Carmen and then with followers threatened an attack on the garrison at Utay. The two detachments ordered to Carmen found the town peaceful. No trace of an insurrection. A detachment of 27 men under First Lieutenant Laback on Aug. 31, were attacked near Carmen by 120 Bolomen, and the latter were nearly annihilated, over 100 being killed. Our loss was as previously reported. The movement in the interior is now in progress.

Object to the Prayer Chain.

Chicago, Sept. 6.—General officers of the national Woman Christian Temperance union met today at headquarters at Rest Cottage, Evanston. Among other matters discussed was the prayer chain inaugurated by some of the members of the Indiana Women Christian Temperance union for the defeat of President McKinley at the coming election. They were unanimous in regretting this action and will not cooperate with the plan.

Laundry Consolidation.

Chicago, Sept. 6.—As a result of the consolidation of 22 of the largest laundry concerns in the city into one corporation prices have been advanced several cents all along the line. The capitalization of the big combine is \$2,000,000. All the laundries of the city did not go into the combine but it is said that an agreement is in operation by which there is entire accord to the policy, and rate cutting is ended.

New Volcano in Mexico.

Guadalajara, Mex., Sept. 6.—A new volcano has broken forth about 30 miles southwest of the old Colima volcano. The new volcano made its appearance suddenly and without warning. The natives living near the base of the mountain were much alarmed at this and fled from their homes, but as prospects of danger passed they returned. The volcano is small and local scientists predict that it will soon disappear.

Wheeler May Run for Senator.

Huntsville, Ala., Sept. 6.—General Joseph Wheeler will reach Huntsville on Sept. 15, and spend Sunday on Monte Sano. He will return to Huntsville on Monday, and will be given a reception. The political friends of General Wheeler are underlined as to what will be his future plans but some of them are of the opinion he will be a candidate for United States senator from Alabama.

Storm on the Florida Coast.

Jacksonville, Fla., Sept. 6.—The south

Atlantic coast storm which has been raging on the south Florida coast for 24 hours is now said to be northwest of Key West. Telegraphic communication continues interrupted south of here. Pensacola reports wires down between there and Jacksonville and high winds blowing.

Comptroller Morgan Dead.

Albany, Sept. 6.—William J. Morgan of Buffalo, comptroller of the state of New York, and who was nominated for office Wednesday, died early today.

ENGINEER SLEEPS.

An Engine, Runs Wild and Came Near Causing Serious Damage.

Quincy, Ill., Sept. 6.—A wild engine endangered scores of lives on two passenger trains and A. J. Arnold, an old engineer on the Chicago, Burlington and Quincy railway had a thrilling experience. Shortly after midnight, Arnold who had been pulling one of the fast trains on the road, backed down to the station to meet her on her arrival. The engine was running slow and on reaching the station Fireman Smith jumped off and entered the depot, supposing the locomotive would come to a standstill and wait for the train.

When Smith came out of the station he was horrified to see the engine tearing over the viaduct toward Missouri. The terrified fireman knew that something was wrong and hastened to the train dispatcher's office and gave the alarm. A message was sent to the operator at Moody, seven miles from Quincy notifying him that there was an engine "running wild" and requesting him to turn it on the siding at Moody and to hold the St. Louis passenger train northbound, which was then about due to arrive there.

The Moody operator obeyed instructions, barely having time to catch the St. Louis train, which was switched out of harm's way. In a few minutes the runaway engine could be seen coming slowly up the grade and it "died" of its own efforts in sight of the Moody station.

Conductor Oglesby of the St. Louis train climbed into the cab and found Arnold sitting on the seat in the cab fast asleep, with his head out of the window. Arnold was both surprised and terrified when he realized what had happened.

The Chicago train from Kansas City was also due at Moody right after the St. Louis train and but for the lack of steam and the prompt word sent to Moody station, one or both trains might have been wrecked and many lives lost.

STRIKE OF MINERS.

National Board of United Mine Workers Considering Such a Step.

Indianapolis, Sept. 6.—The eyes of the commercial world are turned towards Indianapolis today. The threatened general strike involving 142,000 of anthracite coal miners of Pennsylvania is of international importance. If a strike is ordered by the national board of United Mine Workers, approximately 1,000,000 persons will be affected.

The national board members began to arrive Wednesday night for the conference today. The board meeting was called for 10 o'clock, but delayed until noon on account of the absence of Fred Dilcher, who has been at work in the anthracite field and is familiar with the situation.

A Strike Is Expected.

Wilkesbarre, Pa., Sept. 6.—The miners of the Wyoming valley are anxiously awaiting news from Indianapolis. The majority of the underground workers have come to the conclusion that a strike will be ordered and that when the order is given the mines will promptly shut down. The operators here do not look for a compromise of any kind. They say the men are bent on a strike and they might just as well have it out. The coal companies have formulated no program as to what course they will pursue in case a strike should be declared, beyond taking steps to protect their property. In the event of a lockout the collieries will be guarded night and day.

Population of Galveston.

Washington, Sept. 6.—The census bureau announces that the population of Galveston, Tex., is 87,889 against 29,094 in 1890. Increase of 8705 or 29.93 per cent.

Mobile, Ala., 38,459 against 31,076 in 1890. Increase of 7383 or 23.79 per cent.
Lincoln, Neb., 40,169 against 55,154 in 1890. Decrease of 14,985 or 27.17 per cent.

The Green and Hawley fight in Texas has apparently obscured the national campaign from view so far as the republicans are concerned.

The democrats think the Vermont election reflects unfavorably upon the policy of the present administration in dealing with the Philippines and other insular possessions.

The past fiscal year witnessed the addition of 40,000 names to the pension roll. This is a burden which it appears the people will never be able to reduce, much less unload.

Bryan is a healthful place and the fact is uncontrovertably established when it is remembered that while there has been some sickness here this season, the number of deaths has been very small. In many localities the mortality has been great.

The International and Great Northern railroad company has just put into service five new combination passenger and freight locomotives. These engines are the largest and most powerful ever brought to the state. They were built expressly for the fast freight service which handles steamer freight from the gulf to the west.

NEWMAN-HORTMAN.

Mr. Dolphus Newman and Miss Sadie Elizabeth Hortman were married at 8:30 o'clock last night at the home of the bride's parents, Mr. and Mrs. D. A. Hortman, by Dr. F. M. Law. Only relatives and a few friends were present to witness the ceremony, after which congratulations were showered upon the happy young couple. The bride was raised in Bryan, and is known and admired by all. She possesses those attributes of heart and mind which win and hold affection.

Mr. Newman is a native Texan, and has made his home in Bryan for more than a year, being connected with the Brazos Pilot. By his gentlemanly bearing, he has won the esteem and confidence of all.

The Eagle extends hearty congratulations.

Floridini Coming.

Mlle. Floridini, whose opera concert company appears here Wednesday evening Sept. 12, has most flattering press comments from the Galveston and Dallas News, the Times Herald of Waco, the Austin Statesman, the San Antonio Express and the Galveston Tribune. She also has favorable criticisms from a long list of northern and eastern papers. She is a very popular singer and a native of Florida, hence the stage name Floridini. "The Galveston News of July 28, says: The young prima donna was greeted by the largest audience of the season, almost every seat in the big pavillion was occupied, a vocalist of unusual merit was looked for and the expectation was met, Floridini has a soprano voice of splendid qualities. It is true, sweet and of great power."

THE POWERS DIFFER.

Opinions Vary as to Settlement of the Chinese Ruzzle.

REPLIES TO RUSSIA.

Compromise Seems to Be the Only Way Out at Present—Germany Wants Only One Representative to Secure Peace.

Washington, Sept. 6.—The United States government has received from its representatives at foreign capitals much information on the attitude of the powers on the Russian proposition to evacuate Peking. It is stated authoritatively that any prospect of a serious international clash has been largely if not entirely removed by the harmonious character of the communications the government are making. The exact nature of these is not made public, for until all of them are in, the negotiations are considered incomplete. It is said, however, that answers of a conclusive nature, so far as showing the purpose of the governments, although they may not be regarded as conclusive in accepting or rejecting the proposition advanced by Russia.

On the whole the general tendency of the responses is such as to give entire satisfaction here as to the course of the negotiations, and this has had the effect of directing attention to the personality of the envoys who probably will represent the powers and China in the final settlement. The impression prevails here that Mr. Conger is eminently fitted for such a task on the part of the United States, supposing that each of the powers interested in the Chinese problem is to have a separate and individual representative, Mr. Rockhill's name is mentioned as an alternate.

If the present state of affairs in China is protracted until the arrival there of Count von Waldersee, which should occur in about 10 days or a fortnight, it is not to be doubted now but that Germany will endeavor to have all negotiations with the Chinese government conducted through him as representative of all the powers. It is also gathered that strong arguments will be advanced in support of combined action through a single agency in this matter and it will be urged that there is little hope for an early adjustment of differences between the powers and China if each of the powers is to lay down an independent position.

The German foreign office appears to be active in its negotiations and many messages have passed between Washington and Berlin. Those most likely to understand Germany's attitude look for the suggestion of a course, which will be neither an acceptance nor a rejection of the Russian proposal, but such a satisfactory middle ground that all the powers, including Russia, can agree to it. For instance, it is suggested that Germany with propriety might suggest that a certain limit be fixed on the extent of the military detachments to be left at Peking, with an understanding that each small detachment confine itself to quarters so long as peace and quiet prevail at Peking.

Diplomatic officials say that some such compromise is about the only way of avoiding an impasse, and that the best resources of diplomacy are now being used to secure it. Another diplomatic quarter believes that the compromise will be found by China's reestablishing a government and naming peace commissioners.

In view of the declarations made in the American reply to Russia some question has arisen as to the course open to this country in case of a compromise or change in the present diplomatic status. It is said that the attitude of the United States is particularly favorable for adapting itself to any change in conditions. Only in the one contingency of Russia's withdrawing her minister and troops has this government given the positive declaration that American troops also will be withdrawn. But on the many other conditions which may arise either through counter propositions from the powers or by a modification of Russia's original purpose, the United States has left its course open for future determination.

General Hare Will Quit the Army.

Sherman, Tex., Sept. 6.—County Attorney Silas Hare is in receipt of a letter from his brother, Brigadier General Luther Hare, under date of Cavite, P. I., July 29. General Hare expresses the determination to leave the army when the Philippine trouble is ended and return to his old home in Sherman and settle down in peace for the rest of his life. He says he has a reasonably fair chance of a detail for duty in China, which he says would be far preferable to the irksome duties now imposed upon him in governmental inspection about Manila.

Three Men Killed.

Richmond, Sept. 6.—A heavy 65-foot wooden boom used in constructing the Chesapeake and Ohio railway viaduct fell here. Glenwood Soay of Maiden's Adventure was instantly killed and John Hanson, A. C. Dobbs and John McLean were injured.

No New Cases.

Glasgow, Sept. 6.—No new cases of plague were reported Wednesday and the health officers think the disease has spent its force here.

PUERTO RICO SILVER.

It Is Being Replaced by the Money of the United States.

New York, Sept. 6.—The transport McClelland which arrived Wednesday night from Puerto Rico brought a full list of passengers and 179,000 pesos in Puerto Rican silver. The coin was in charge of Captain William Weigel of the Eleventh United States infantry and six men. It was turned over to an express company to take to the Philadelphia mint where it will be recoined.

A conservative estimate places the amount of unredeemed Puerto Rico silver still in circulation on the island at about \$500,000. This coin is steadily coming in through various bank agencies, and it is safe to say that in about six weeks or two months at most but little of the old circulating medium will remain on the island. In the larger coast towns such as San Juan, Ponce and Mayaguez, where the government has established an exchange, the coin is exceedingly scarce, being entirely replaced by American gold, bills and silver, but in the small, isolated interior towns the new medium is almost unknown.

Consolidation of Catholic Societies.

Washington, Sept. 6.—Advices received here indicate one of the most important meetings of Catholic priests and laymen ever held in this country will convene at Philadelphia under Archbishop Ryan's auspices on Sept. 17. This meeting will be attended by delegates representing every section of the United States and from all Catholic benevolent and fraternal societies under the guidance of episcopal authority, which, it is estimated, embrace a membership of fully 150,000 souls. The object in view is to form a federation of these associations, if possible, for the general good of them all. It is understood that the order known as the Catholic Knights of America has initiated the movement looking to the amalgamation, in this respect following the suggestions recently given by Bishop McPaul of Trenton, N. J.

Killed in a Runaway.

Brownwood, Tex., Sept. 6.—W. B. Sivells was accidentally killed in the Santa Fe yards here. He was unloading lumber from a car when the switch crew made a flying switch, and without warning, it is claimed, threw a car against the one from which Sivells was unloading. This caused the horses to run away, throwing him to the ground, the rear wheel of the wagon passing over his body. Death being caused by the rupture of a blood vessel.

Cattleman Attempts Suicide.

Wellington, Kas., Sept. 6.—F. D. Kallan, a cattleman of Woodward, O. T., tried to commit suicide at the Arlington hotel in this city by blowing out the gas. He was apparently dying when discovered.

Blow at the Shirt Waist.

New York, Sept. 6.—The Herald's Camden, N. J., special says that a judge compels a witness and the sheriff to wear coats and to clear the court of "shirt waist idiots."

Birmingham Growing.

Washington, Sept. 6.—The population of Birmingham, Ala., is 38,415, against 26,175 in 1890; showing an increase of 12,837 or 46.75 per cent.

Cumberland, I. T.

Cumberland, I. T.—Editor of the Eagle:—By request of some of your subscribers we write you some facts about the Indian Territory. We left Bryan on the morning of the 16th at 3 o'clock. The crops from Hearn to Corsicana looked to us as we passed to be very poor. We reached Durant I. T. about 5 o'clock in the evening. This is the dustiest place we ever saw. It is somewhat dilapidated in appearance, due to the fact that several brick and rock business houses have been burned out, but it seems to be the greatest business place to its size we ever saw.

The grain wagons are coming in town in trains from every direction. To one who was not in a habit of seeing such things it would appear that this was the most productive grain part of the world.

We reached Cumberland, 17 miles west of Durant, Saturday evening. Here we found a small incorporated town of 400 or 500 with 7 or 8 business houses, two blacksmith shops, two barber shops and one pool table. There are no saloons here. Sometimes whiskey peddlers from Texas pass through and sell whiskey on the sly, but they catch it if the officers get on to them.

This is the greatest place for movers and people looking at the country that we ever saw. We have been here about two weeks and I don't believe there has been a day pass but what we have seen from one to twenty-five covered wagons pass and sometimes more.

Farmers are busy poisoning cotton
worms. Many were in the city after
poison yesterday. Regarding the
work the Navasota Examiner says
hundreds of mules and horses are en-
gaged in galloping up the cotton
rows with a rider aboard holding
across the steed's back a short pole,
from each end of which dangles a
bag of poison. Farmers, whose
fields are threatened with worms,
work far into the night, and some
worked last Sunday.

NATIVES STARVING.

Deplorable Conditions Exist in Alaska
and Adjacent Islands.

Washington, Sept. 3.—Captain Tuttle
of the revenue cutter service, in com-
mand of the steamer Bear, reports to
the treasury department from Nome
Aug. 9, as to the condition of the natives
along the Alaskan coast and adjacent
islands. At Sin Rock measles was epi-
demic and pneumonia prevalent and
fatal. At Teller Station much sickness
and many deaths among the natives
were reported. At Cape York the same
fatal sickness was found among the na-
tives. Cape Prince of Wales showed
practically the same desperate condition.
From that point the Bear proceeded to
East Cape village, St. Lawrence bay
and Port Clarence. Everywhere the
vessel touched officers were sent ashore
to investigate the conditions and re-
ported that the natives never have been
in worse condition.

At Teller station affairs were desper-
ate. Fully one half of the natives
around the station have died. In some
cases whole families have disappeared
and in others the parents have died,
leaving helpless children. The salmon
are running but there are not a suf-
ficient number of well people to catch
them. The ravages of the diseases have
been so great that a panic has seized
the natives and the dead lie unburied in
their houses. In their distress the
natives in the vicinity of Teller are col-
lecting there for food and medical at-
tention.

Rev. T. L. Brevice although not a
physician has set up a few tents and is
running a temporary hospital having
twelve sick and twelve orphan children
under his care, furnishing them with
food as best he can. He is said to be
in great need of pilot bread, flour and
clothing for the natives in extreme dis-
tress.

There is said to be no record during
the last fifty years of the degree of des-
titution that now prevails along the
whole Bering sea coast.

Some Thieves Have Consciences.

Corsicana, Tex., Sept. 6.—Six years
ago when cattle thieves were raiding
herds of cattle in this county and getting
away with a large number, J. Q. Rouse
living in the Wallace neighborhood, suf-
fered to the extent of three head of cows
stolen from his pasture. There was a
long hunt for the lost cows, but no trace
of them was ever found, and Mr. Rouse
never expected to hear of them again. A
short time ago Mr. Rouse received a let-
ter inclosing \$25, signed X. Y. Z., and
stating that the money was intended to
compensate for one cow taken from
Rouse's pasture by the writer of the let-
ter six years ago.

Washington Prohibitionists.

Seattle, Wash., Sept. 6.—The state
convention of the Prohibition party
held in this city adopted a platform
calling for the suppression of the liquor
traffic in all forms, condemning the al-
leged subversion of the other parties to
the interests of the liquor dealers and
declaring for equal suffrage.

A slate headed by the name of R. E.
Dunlap for governor was put through
without opposition. For lieutenant
governor, C. T. Hall was nominated
and J. A. Adams of North Yakima and
Guy Posen of Seattle are the congres-
sional candidates.

Another National Ticket.

Springfield, O., Sept. 6.—R. S. Thomp-
son of this city, chairman of the Nation-
al Union Reform party committee, has
received word from A. G. Eichelbarger
of Baltimore, chairman of the national
canvassing board, that the official count
of the referendum vote was completed
Monday night at Baltimore, resulting
in the nomination of Hon. Seth H. Ellis
of Ohio for president and Samuel T.
Nicholson of Pennsylvania for vice pres-
ident on the National Union Reform
ticket. Thirty states and territories
participated in the balloting.

Placed in the Hague Archives.

The Hague, Sept. 5.—Ratifications of
agreements and treaties resulting from
the peace conference have formally been
placed in the foreign office archives.
Minister of foreign affairs, Dr. W. H.
DeBeaufort, in a speech expressed hope
that some future historian will be able
to declare that the work of the confer-
ence was a lasting benefit to humanity
and proposed that an expression of this
hope be conveyed to the czar. Tele-
gram on this sense was subsequently
dispatched to St. Petersburg.

Nominations by Primaries.

Frankfort, Ky., Sept. 6.—In the house
Representative Trover, a Democrat, in-
troduced a bill, which if passed, makes
primary elections the sole manner of
making nominations of any party for
state, district, county or city offices and
provides that general primary elections
be held on the first Tuesday in August of
each year. Mr. Trover thinks conven-
tions are not a fair means of ascertain-
ing the will of the people.

Powers Denied Exceptions.

Georgetown, Ky., Sept. 6.—Judge
Cantrill has overruled the bill of excep-
tions in the case of ex-Secretary of State
Caleb Powers convicted as accessory
before the fact to the assassination of
William Goebel and sentenced to im-
prisonment for life. Powers was taken
back to Louisville by Deputies Hearn
and Reed. He was handcuffed both
coming from Louisville and returning.

Population of Some Cities.

Washington, Sept. 6.—The census bu-
reau announces that the population of
Lancaster, Pa., is 41,459 against 32,011
in 1890.

Albany, N. Y., 94,151 against 94,025.
Bayonne, N. J., 32,723 against 19,038.
Salt Lake City, Utah, 53,591 against
44,843.

Akron, O., 42,728 against 27,501.

RUSSIA MAY REMAIN.
Chinese Peace Commission Does Not Satisfy That Country.
London, Sept. 6.—What is now designated in some quarters as an attempt to establish a "Russian Monroe doctrine" in Asia seems doomed to a modification. Hence the prospects of continued concord of the power is believed to be improving. It is thought the announcement of the names of the four personages appointed by the imperial edict as China's peace commissioners furnishes Russia with a plausible reason for joining in American demand for the appointment of a more satisfactory commission and gives Russia ground for delaying a withdrawal of her troops from Peking until the Chinese imperial party shows a more conciliatory disposition.
According to a dispatch from Shanghai it is reported there that Prince Tuan is hiding within easy reach of Peking, awaiting the result of the present conference of the powers.
The rumors emanating from Shanghai that an expedition which will shortly start for Pao Ting will go thence to Tai Yuan Fu, capital of the province of Shan Si, where the dowager empress, emperor and court are sojourning, can be dismissed as fantastic. The allied forces are in no way equipped for such a crusade. Boxers are still active in Shan Tung province.

Official dispatch from Tsin Tau reports 500 boxers attacked the patrol of the German marines near Lan Tsin on Wednesday with the result 40 boxers were killed and the Germans suffered no loss.

OREGON OFF SHANGHAI.
She Joins Other Ships for the Protection of America's Interest.

Washington, Sept. 6.—The arrival of the Oregon off Shanghai brings that famous battleship again into position to take part in operations for the solution of the Chinese problem and for the effective protection of American interests for the first time since she ran on the rocks near Che Foo, more than two months ago.
The advent of the Oregon with her powerful battery and formidable armor protection will remove much of the danger to foreign interests which has been due to continued Chinese occupation of these dreaded fortifications, which could close the river to all armored vessels hurrying to rescue foreigners in Shanghai in case rioting should begin in that city.

No orders were issued by the navy department for the dispatch of the Oregon to Shanghai, and her sudden appearance on the scene is attributed to the wish of Admiral Remey, who has full authority for the disposition of the vessels of his fleet, to meet all possible emergencies.

A Statement from Li.
London, Sept. 6.—A special dispatch from Hong Kong contains the remarkable statement that Li Hung Chang has received advices from Peking to the effect that the allied forces are gradually handing over the government of the capital to the Chinese and that Prince Ching (former president of the tsung li yamen) has been placed in charge of the imperial city.

Germany Opposes Russia's Policy.
Washington, Sept. 6.—The attitude of the German government as to the Russian proposal to withdraw troops from Peking has been made known to the United States and is to the effect that Germany considers it necessary to retain her forces in Peking.

Message From Barry.
Washington, Sept. 6.—The war department has received the following cablegram from General Barry:
"Taku, China, no date.—All quiet at Peking. Supplies promptly unloaded, forwarded when dispositions are determined. All supplies received and troops comfortable for the winter. No communication from the Chinese officials after Aug. 28. James H. Wilson, brigadier general of volunteers, goes to Peking tonight. Rock Hill goes to Shanghai. Telegraphic communication from Peking and Tien Tsin bad. Extreme heat ended. All conditions satisfactory. Go to Nagasaki tomorrow and will take first transport to Manila."
General Barry goes to Manila to assume the duties of chief of staff to Gen. MacArthur.

Chaffee Sends a Message.
Washington, Sept. 6.—The war department has received the following from General Chaffee:
"Taku, China, no date via Peking Aug. 28.—Officers and soldiers of the China relief expedition send thanks to the president and secretary of war for their message of congratulations. Formal entry of the palace grounds was made today at 8 o'clock, a salute of 21 guns being fired at the south and north gates. Troops of all nations participated with the United States by a battalion of 350 strong, composed of details from each organization present at the taking of the city. The palace was vacant with the exception of about 300 servants. Gen. Barry goes to Manila today. The Danish cable from Shanghai to Taku is open for business and connects with our wire."

Ellis Accepts the Nomination.
Columbus, O., Sept. 6.—At the jubilee banquet of the Union Reform party of Ohio at Franklin park Wednesday night Hon. Seth W. Ellis was formally notified of his nomination as the Union Reform party's candidate for president of the United States. National Chairman R. S. Thompson made the speech of notification to which Mr. Ellis responded in a happy speech of acceptance.

\$25,000 to be given away

Do you want to guess at the population of the greatest Country on the Globe? If so send your guess and subscription to THE BRYAN WEEKLY EAGLE or THE BRYAN DAILY EAGLE, or THE MADISONVILLE METEOR, as further explained below, and receive a certificate which will entitle you to participate in the distribution of \$25,000 to be distributed in 1,000 Cash Prizes by the PRESS PUBLISHING ASSOCIATION of Detroit, Michigan, among those making the nearest guess or estimate of the population of the United States and Territories, as shown by the

Official Census of 1900.

We have made arrangements with the Press Publishing Association to enable our subscribers to participate in the distribution of the prizes, amounting to \$25,000.

OUR OFFER:

UNTIL FURTHER NOTICE every one who sends us \$1.00 for one year's subscription to The Bryan Weekly Eagle, or \$1.00 for three months subscription to The Bryan Daily Eagle, or \$1.00 for a year's subscription the Madisonville Meteor, will be entitled to one guess. No advance is made in the price of the paper. The Guess costs you nothing. Just pay us a dollar on subscription, daily or weekly, and make your estimate on the present population of the United States and Territories.

YOUR GUESS.

When you send in your subscription you make your guess. Be sure and write your name, address and guess as plainly as possible. As soon as we receive your subscription we will fill out and send you a certificate corresponding to guess made by you, which will entitle you to any prize you may draw. Be sure and keep your certificate. We will file the duplicate with The Press Publishing Association. Porto Rico, Hawaii, Guam and the Philippines not included in this census estimate.

VALUABLE INFORMATION.

To aid subscribers in forming their estimate, we furnish the following data:

YEAR	TOTAL POPULATION	INCREASE	PER CENT
